

A new McDonald's drive-thru restaurant

Clayton-le-Woods

Welcome

McDonald's have exciting plans to bring a new, modern restaurant to Clayton Green Business Park - including a drive-thru service.

We are delighted to be bringing forward these proposals and believe that our new restaurant will make a great addition to the community.

We want to hear what you think about our proposals and there are a range of ways to find out more and have your say. Read on for more information.

120 new, local jobs

More than **£60,000** in business rates to **fund local services**

Regeneration of a prominent public house site

A new McDonald's restaurant would represent a significant investment in the local community.

Each McDonald's Restaurant provides around **120 new, local jobs** with career progression opportunities for local people. The restaurant would also be liable for around **£60,000 in business rates** which would be payable to West Lancashire Council. This money could be used to **help support local services**.

Finally, our high-quality, sustainable and modern design would complement the existing development at Clayton Green Business Park and enhance local food choices.

Read more about how to give your views overleaf.

We have launched a dedicated website for residents to review our plans and have their say. Please visit:

Our site in Clayton-le-Woods

Our proposed site is located near the primary access to Clayton Green Business Park and will replace the existing Beaumont public house.

We believe that this is the perfect location for a McDonald's as it is:

- Well-connected on the local highway network
- In close proximity to other businesses who would benefit from a nearby McDonald's
- Redeveloping an existing public house site
